

## **BLENDOF**

Four dudes from Southern Germany who have been rocking people's faces off for the last 7 years together with the same objective: To have fun, make more music (forever if possible!) and do this for a living!!!

While touring over the years, they conquered cities like Stuttgart, Augsburg, Kempten, Erfurt, Weimar and even Zurich, and of course all the stages in their hometown Ulm.

Over the years, "Blendof" played shows together with "Donots", "Not Available", "Schrottgrenze", "Tut das Not", "Bambix", "Dritte Wahl", "Itchy Poopzkid", "Die kleinen Götter", "Scrambled Eggs" and "Benzin".

Their music is like their name! A mix of punk rock, melody-core, a bit emo, a trace of hardcore and a shitload of fun! Or simply finest catchy skatepunk!

With one released EP under their belt, the young 20 somethings still have a lot more to give and that's why they were back in the studio recording a new 16-track album called "regards from wasteland", which was released in February 2009.
